INDEX

Abortions in negroes, 233
  sex ratio of, 572
Age changes in density of hair, 314
  distribution, correlation with growth-rate of population, 194
    of logistic population, 470, 484
Andreew's index, 423
Apoplexy in negroes, 227
Autopsy of Thomas Parr, 138

Barry, Herbert, Jr., Mac Kinnon, Donald W., and Murray, Henry A., Jr., Studies in Personality. A. Hypnotizability, 1-36
Behavior (Recent Literature), 148, 292, 449, 593
"Behavioristic" psychology, genetic refutation of, 547
Biological classification of causes of death, 496
Birth data for Melanesians, 357
  rate, correlation with growth-rate of population, 184
    of Korea, 325
Births in logistic population, 461, 481
Blood groups of Maori, 282

Cancer in negroes, 216
Captivity, influence on density of hair, 306
Cerebral hemorrhage in negroes, 227
Chemehuevi Indians, 397
Chinese family life tables, 157
Church membership and commitments of prisoners, 429
Clements, Forrest, Racial Differences in Mortality and Morbidity, 397-419
College students, families of, 342
Colored persons, marriages of, in New York State, 393
Congenital debility in negroes, 233
Correlation between growth rates of population and vital factors, 180
    coefficient, interpretation of, 251
    of death rates, 505, 524
Cressman, L. S., Some Effects of Thyroid Disorder in Women, 529-546
Crime and church membership, 429

Death, causes of, among Indians, 411
  data for Melanesians, 361
  rate, correlation with growth-rate of population, 185
    in logistic population, 470, 483
    of Korea, 327
    secular changes in, 494

Density of hair in primates, 303
population, correlation with growth-rate of population, 193
De Porte, J. V., Marriages in the State of New York with Special Reference to Nativity, 376-396
Diabetes in negroes, 224
Digestive diseases of negroes, 224
Diphtheria in negroes, 85
Disease records of twins, 270
Dissociability, 2, 23
Dual task test, 27
Dworkin, Samuel S., Folk Medicine in Russia, 576

Erysipelas in negroes, 92
Eugenics research survey, 288
Evolution and Genetics (Recent Literature), 143, 289, 442, 586

Families of freshmen, 342
Family History Records, 252
size of, in logistic population, 478
Fertility of families of college students, 343
secular drift in, 475
Folk medicine in Russia, 576
Freshmen, families of, 342

Gafafer, William M., The Inhabitants of the Island of St. Kilda and Acute Upper Respiratory Disease, 437-441
Genetic refutation of "behavioristic" psychology, 547
Geography and vital phenomena in Korea, 331
Group Biology (Recent Literature), 145, 290, 443, 588
Growth rates of population, correlation with vital factors, 180
relationship of individual to average, 37

Hair, density of, in primates, 303
Harvey, William, autopsy of Thomas Parr, 138
Health of twins, 270
Heart diseases of negroes, 225
Holmes, S. J., Differential Mortality in the American Negro, 71-106, 203-244
and Mentzer, V. P., Changes in the Sex Ratio in Infant Mortality According to Age, 560-575
Human biology in Korea, 322
Hypnosis, nature of, 17
Hypnotic index, 9
Hypnotizability, 1
Hysteria, 1, 23

Identical twins, criteria of, 114
Idio-savants, 548
Ill-defined causes, deaths from, in negroes, 235

Immigration, effect of, on logistic population, 487
Indices of physical type, 420
Infant mortality, correlation with growth-rate of population, 187
in negroes, 235
sex ratio in, 560
Influenza in negroes, 212
Inheritance of longevity, 245
Intelligence and fecundity, 348
hypnotizability, 34
Intermarriage rate in New York State, 379

Jones, Harold E., 107

Korea, human biology in, 322

Le Blanc, Thomas J., Some Phases of Human Biology in Korea (Chosen), 322-341
Lethal effects of sexual continence, 577
Life tables for a southern Chinese family, 157
Logistic curve, 459
Logistics, mean of, 43
Longevity, 133
inheritance of, 245
Lorimer, Frank, Eugenics Research Survey, 288
Lotka, Alfred J., The Structure of a Growing Population, 459-493

Mac Kinnon, Donald W., 1
Malaria in negroes, 90
Malformations in negroes, 232
Maori blood groups, 282
Marasmus in negroes, 233
Marital condition, correlation with growth-rate of population, 197
Marriage, age at, in Korea, 329
Marriages in New York State, 376
Measles in negroes, 77
Melanesians, vital statistics of, 551
Mentzer, V. P., 560

Mizushima, Haruo, Correlation between Growth Rates of Population and Vital Factors by Geographical Districts, 180-202
Mohave Indians, 397
Morbidity, racial differences in, 397
Mortality in American negroes, 71, 203, 397
racial differences in, 397
Murray, Henry A., Jr., 1

Nasal diseases in negroes, 215
Natural increase of population, true rate of, 182, 476
Negroes, marriages of, in New York State, 393
  mortality of, 71, 203, 397
Nephritis in negroes, 222
Nervous system, diseases of, in negroes, 228
New Ireland, vital statistics of, 551
New York State, marriages in, 376
Non-selective deaths, effect on sex ratio, 566
NOTES, 133-137, 288, 429-436, 576

Organ systems, relative importance of, in mortality, 501

Parabolas, mean of, 43
Parr, Thomas, autopsy of, 138
PATHOLOGY, CLINICAL MEDICINE, AND SURGERY (Recent Literature), 154, 299, 456, 597
PEARL, RAYMOND, Erratum, 288
  Harvey's Post-Mortem Examination of Thomas Parr, 138-142
  Longevity: a Pedigree, 133-137
  On the Alleged Lethal Effects of Sexual Continence in the Holy Land, 577-585
